HENRIE EDMUND BUCK

1849-1929

Mr. Buck was one of our "old time" collectors. He started collecting just after the Civil War. For business reasons he had to suspend his collecting for some years. He was associated with railroad companies, and later was the promoter, builder and operator of one of the first interurban traction lines in Ohio, serving as superintendent. Following this he was elected mayor of the city of Delaware, where he was born, educated, and passed his entire life.

He not only collected numismatic specimens, but was also an ardent collector and student of archaeological, philatelic and historical items, forming very complete collections of each. He also collected antiques—furniture, china, glass, prints, etc. and assembled representative collections in all his hobbies. Mr. Buck was elected First Vice President of The American Numismatic Association at the convention in Columbus in 1907. He declined higher offices. He served as president of The Ohio State Numismatic Society. Was trustee of The Ohio State Archaeological and Historical Society. Organized and was president of The Olentangy chapter, Delaware O., of the S. A. R. Was president of the Ohio Society of the S. A. R. in 1914.

It was Mr. Buck who presented my name for membership in the A. N. A. That was the beginning of a friendship that continued until his demise.

It was an appreciated honor when his heirs requested me to catalogue and sell his collection of coins at auction, in connection with a convention of The Ohio State Numismatic Society, Inc. of which he was one of the organizers and a charter member.
